Project Name:	
Supervisor/Foreman Name:	
Subcontractor Name:	
Issuer Name:	

**By signing this document the individual named agrees to abide to the agreement, its requirements and responsibilities and notify Chalcroft site management immediately of any concerns, changes in work processes or controls as stated within the subcontractors Risk Assessments, Method Statements (RAMS) or Permits.**

*The following shall be adhered to:*

1. To establish and organise operations under my control to ensure that work is carried out in a safe manner and to acceptable standards with minimum risk to all persons, property, equipment and materials.
2. To be aware of, and observe, the requirements of my companies safety policy, Chalcroft's Construction Phase (Health and Safety) Plan, the Health and Safety at Work Act 1974, construction regulations, statutory requirements, Approved Codes of Practice and general safety procedures appropriate to the operations under my control, seeking guidance and assistance from Chalcroft site management as necessary.
3. To ensure all necessary documentation has been supplied or completed as required to Chalcroft prior to works commencing ie Permits, RAMS, CoSHH Assessments, Plant Inspections, Ladder Inspections, Scaffold Inspections, Signing In/Out Registers etc.
4. Implement, monitor and control the companies agreed RAMS for all tasks and cease works should the scope change, unforeseen hazards arise or additional controls are required. Carry out additional site specific risk assessments as necessary and formulate safe working procedures in the form of a method statement. Record these assessments and procedures and ensure that all persons under my control are made aware of them, sign to acknowledge their understanding and take whatever steps may be necessary to comply with them.
5. Carry out regular monitoring and supervision of all work activities being carried out by personnel under my control on this project to ensure adherence to agreed RAMS and Permits.
6. Immediately cease any unsafe operations witnessed and report them to Chalcroft site management including all near misses, incidents or injuries and; report and promote the reporting of hazards that have the potential to cause harm.
7. Ensure all personnel under my control adhere to information provided during Chalcroft and/or client inductions as well as adherence to signage requirements, emergency arrangements and vehicle/pedestrian arrangements.
8. Ensure all personnel under my control operate and utilise plant and equipment in a safe manner and that they are trained and competent to do so.
9. Ensure all plant and equipment (including mobile towers and ladders) utilised by my personnel is in good working condition, is inspected daily before use, is positioned safely and formal inspections are completed weekly as required by Chalcroft.
10. Ensure all personnel under my control have been supplied with, and utilise (including task specific as stated within RAMS), the correct PPE and that it is fit for purpose and replaced as required.
11. Ensure all working areas under my control are kept clean and tidy to a reasonable standard and good housekeeping practices are maintained.
12. Cooperate with Chalcroft site management and any other representatives, behave in a professional manner and observe safety procedures leading by example and always encourage safe behaviour.
13. Ensure Daily Safety Briefings are completed to all site personnel under my control every day on key topics, hazards and work activities and the signed forms are issued to site management on completion.
